ABOUT CONFERENCE

After the successful Past International Conference in - Pune, it's all set to conduct another international conference in Mysore, India. Due to huge request we are going to conduct this conference with new faces and new researches and new ideas and new innovations. Around 150 papers being published in the proceedings with ISBN NO, as well in the journals having high impact factor and indexed by Scopus, Thomson Reuters, Web of Science, ISI, Elsevier and many more reputed indexing agencies. As well we gave scopes to our researchers to publish their papers in UGC Approved Journals for CAS (Career Advancement Scheme)

It was a wonderful conference which gave scopes to researchers who attended conference from different part of globes to have solid conversations on research and how to have next step for the upcoming research papers. Wonderful interaction and questionnaire brought wonderful atmosphere for researchers to enjoy their work and brain storming sessions with huge experienced professors from different universities.

The International Conference is going to be organized in Kuala Lumpur, Malaysia (ICCI-SEM) dated 10th-11th March 2018 intends to bring together and provide a common platform to accumulate and exchange the innovative ideas, latest knowledge and unique experiences for the benefits of Researchers, Professors, Industrialists, Academicians, students and other participants. The (ICCI-SEM) will offer a track of quality R&D updates from key experts and will provide an opportunity in bringing the new techniques and horizons that will contribute to contemporary issues of Science, Engineering & Management. In order to update the knowledge with changing environment in all the fields of science, engineering and management is the need for growth and development of an individual.

This International Conference focuses upon "Advances in Science Technology & Management " as well publishing the research papers in Scopus, Thomson Reuters, Web of Science, ISI, Elsevier indexed Journals so as in UGC Approved Journals. We do hope that the active involvement of most prominent
