ABOUT CONFERENCE

11th International Conference on Contemporary issues in Science, Engineering & Management (ICCI-SEM) has become the premier meeting place for researchers, professors, students and professionals of different areas. Now the conference is extended across many regions of the world.

Each conference is hosted in different city, this time we have chosen Kuala Lumpur city of Malaysia for the forthcoming International conference dated 13 - 14 October 2018 after all successful Past International Conferences with new faces, new researches, new ideas and new innovations. This conference intends to bring together and provide a common platform to accumulate and exchange the innovative ideas, latest knowledge and unique experiences for the benefits of researchers, professors, industrialists, academicians, students and other participants. The ICCI-SEM will offer a track of quality R&D updates from key experts and will provide an opportunity in bringing the new techniques and horizons that will contribute to Contemporary issues in Science, Engineering & Management.

Increase in size of conference and countless expectation lead to form a core committee for leadership with conference goal accomplishment. All the past conference interaction and questionnaire brought wonderful atmosphere for researchers to enjoy their work and brain storming sessions with huge experienced professors from different universities.

Around 500 papers being published in the proceedings with ISBN number, as well in the journals having high impact factor and indexed by Scopus, Thomson Reuters, Web of Science, ISI, Elsevier, SCI, ESCI, SCIE, Wiley, Taylor Francis and many more reputed indexing agencies. Scopes for researchers to publish papers in UGC Approved Journals for CAS (Career Advancement Scheme)

In order to update the knowledge with changing environment in all the fields of science, engineering and management is the need for growth and development of an individual. This International Conference focuses upon "Contemporary issues in Science, Engineering & Management" as well publishing the research papers in Scopus, Thomson Reuters, Web of Science, ISI, Elsevier, SCI, ESCI, SCIE, Wiley, Taylor Francis indexed Journals so as in UGC Approved Journals. We do hope that the active involvement of most prominent speakers and delegates and their innovative ideas will create an exciting atmosphere of Contemporary issues in Science, Engineering & Management. Academia, Researchers, Industries and other professionals are invited to present their papers dealing with research and future developments of Contemporary issues in Science, Engineering & Management.
